

FR-5700-N-31-A

**Notice of Fiscal Year (FY) 2014 Opportunity to Register and Other Important Information for Electronic Application Submission for the FY 2014 Component of the 2013 Continuum of Care Program Competition
Department of Housing and Urban Development**

Document Type:	Grants Notice
Funding Opportunity Number:	FR-5700-N-31-A
Funding Opportunity Title:	Notice of Fiscal Year (FY) 2014 Opportunity to Register and Other Important Information for Electronic Application Submission for the FY 2014 Component of the 2013 Continuum of Care Program Competition
Closing Date for Applications:	Aug 6, 2014
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility:	This is a Registration Notice.
Agency Name:	Department of Housing and Urban Development
Description:	This Notice is divided into five sections. Section I provides background information on the CoC Program, including information about funding limitations for FY 2014, since the amount of FY 2014 funding was not yet known at the time the FY 2013- FY 2014 CoC Program Competition NOFA was published. Section II contains key terms used throughout this Notice and the registration process. Section III provides detailed information on completing the CoC registration process in e-snaps. Section IV provides information about policies being implemented for the FY 2013-FY 2014 CoC Program Competition and certain requirements that all applicants should consider. Section V provides registration resources to help Collaborative Applicants to successfully complete the registration process and to prepare for submission. This Notice includes citations to the CoC Program interim rule (24 CFR part 578); applicants and stakeholders

should read the interim rule to increase their understanding of the CoC Program requirements.

DARPA-BAA-14-51

Pathogen Predators

Department of Defense

DARPA - Biological Technologies Office

Closing Date for Applications: Dec 9, 2014

Eligible Applicants: Unrestricted

Agency Name: DARPA - Biological Technologies Office

Description: DARPA is soliciting proposals for research supporting the potential use of Bdellovibrio and/or Micavibrio bacterial predators as therapeutics against infections caused by Gram-negative antibiotic-resistant and priority threat pathogens.

OSERS/NIDRR: Rehabilitation Research and Training Centers: Community Living and Participation for Youth and Young Adults with Serious Mental Health Conditions CFDA Number 84.133B-7

Department of Education

Closing Date for Applications:

Aug 29, 2014 Applications Available: July 18, 2014. Deadline for Letter of Intent to Apply: August 15, 2014. Notice of Intent to Apply: Due to the broad nature of the priorities in these competitions, and to assist with the selection of reviewers for these competitions, NIDRR is requesting all potential applicants to submit a letter of intent (LOI). The submission is not mandatory and the content of the LOI will not be peer reviewed or otherwise used to rate an application. Each LOI should be limited to a maximum of four pages and include the following information: (1) The title of the proposed project, the name of the applicant, the name of the Project Director or Principal Investigator (PI), and the names of partner institutions and entities; (2) a brief statement of the vision, goals, and objectives of the proposed project and a description of its activities at a sufficient level of detail to allow NIDRR to select potential peer reviewers; (3) a list of proposed project staff including the Project Director or PI and key personnel; (4) a list of individuals whose selection as a peer reviewer might constitute a conflict of interest due to involvement in proposal development, selection as an advisory board member, co-PI relationships, etc.; and (5) contact information for the Project Director or PI. Submission of an LOI is not a prerequisite for eligibility to submit an application. NIDRR will accept the optional LOI via mail (through the U.S. Postal Service or commercial carrier) or email, by August 15, 2014. The LOI must be sent to: Patricia Barrett, U.S. Department of Education, 400 Maryland Avenue SW., Room 5142, Potomac Center Plaza (PCP), Washington, DC 20202; or by email to: patricia.barrett@ed.gov. For further information regarding the LOI submission process, contact Patricia Barrett at (202) 245-6211. Date of Pre-Application Meeting: August 8, 2014. Date of Pre-Application Meeting: Interested parties

are invited to participate in a pre-application meeting and to receive information and technical assistance through individual consultation with NIDRR staff. The pre-application meeting will be held on August 8, 2014. Interested parties may participate in this meeting by conference call with NIDRR staff from the Office of Special Education and Rehabilitative Services between 1:00 p.m. and 3:00 p.m., Washington, DC time. NIDRR staff also will be available from 3:30 p.m. to 4:30 p.m., Washington, DC time, on the same day, by telephone, to provide information and technical assistance through individual consultation. For further information or to make arrangements to participate in the meeting via conference call or to arrange for an individual consultation, contact the person listed under For Further Information Contact in section VII of this notice. Deadline for Transmittal of Applications: August 29, 2014.

Current Closing Date for Applications: Aug 29, 2014 Applications Available: July 18, 2014. Deadline for Letter of Intent to Apply: August 15, 2014. Notice of Intent to Apply: Due to the broad nature of the priorities in these competitions, and to assist with the selection of reviewers for these competitions, NIDRR is requesting all potential applicants to submit a letter of intent (LOI). The submission is not mandatory and the content of the LOI will not be peer reviewed or otherwise used to rate an application. Each LOI should be limited to a maximum of four pages and include the following information: (1) The title of the proposed project, the name of the applicant, the name of the Project Director or Principal Investigator (PI), and the names of partner institutions and entities; (2) a brief statement of the vision, goals, and objectives of the proposed project and a description of its activities at a sufficient level of detail to allow NIDRR to select potential peer reviewers; (3) a list of proposed project staff including the Project Director or PI and key personnel; (4) a list of individuals whose selection as a peer reviewer might constitute a conflict of interest due to involvement in proposal development, selection as an advisory board member, co-PI relationships, etc.; and (5) contact information for the Project Director or PI. Submission of an LOI is not a

prerequisite for eligibility to submit an application. NIDRR will accept the optional LOI via mail (through the U.S. Postal Service or commercial carrier) or email, by August 15, 2014. The LOI must be sent to: Patricia Barrett, U.S. Department of Education, 400 Maryland Avenue SW., Room 5142, Potomac Center Plaza (PCP), Washington, DC 20202; or by email to: patricia.barrett@ed.gov. For further information regarding the LOI submission process, contact Patricia Barrett at (202) 245-6211. Date of Pre-Application Meeting: August 8, 2014. Date of Pre-Application Meeting: Interested parties are invited to participate in a pre-application meeting and to receive information and technical assistance through individual consultation with NIDRR staff. The pre-application meeting will be held on August 8, 2014. Interested parties may participate in this meeting by conference call with NIDRR staff from the Office of Special Education and Rehabilitative Services between 1:00 p.m. and 3:00 p.m., Washington, DC time. NIDRR staff also will be available from 3:30 p.m. to 4:30 p.m., Washington, DC time, on the same day, by telephone, to provide information and technical assistance through individual consultation. For further information or to make arrangements to participate in the meeting via conference call or to arrange for an individual consultation, contact the person listed under For Further Information Contact in section VII of this notice. Deadline for Transmittal of Applications: August 29, 2014.

Archive Date:	Sep 28, 2014
Estimated Total Program Funding:	\$875,000
Award Ceiling:	\$875,000
Eligible Applicants:	Native American tribal organizations (other than Federally recognized tribal governments) Others (see text field entitled "Additional Information on Eligibility" for clarification) Private institutions of higher education Public and State controlled institutions of higher education For profit organizations other than small businesses Independent school districts State governments

Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
County governments
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
City or township governments
Native American tribal governments (Federally recognized)
Special district governments

Additional Information on Eligibility: Eligible Applicants: States; public or private agencies, including for-profit agencies; public or private organizations, including for-profit organizations; IHEs; and Indian tribes and tribal organizations.

Agency Name: Department of Education

Description: Note: Each funding opportunity description is a synopsis of information in the Federal Register application notice. For specific information about eligibility, please see the official application notice. The official version of this document is the document published in the Federal Register. Free Internet access to the official edition of the Federal Register and the Code of Federal Regulations is available on GPO Access at: <http://www.access.gpo.gov/nara/index.html>. Please review the official application notice for pre-application and application requirements, application submission information, performance measures, priorities and program contact information. Purpose of Program: The purpose of the Disability and Rehabilitation Research Projects and Centers Program is to plan and conduct research, demonstration projects, training, and related activities, including international activities, to develop methods, procedures, and rehabilitation technology that maximize the full inclusion and integration into society, employment, independent living, family support, and economic and social self-sufficiency of individuals with disabilities, especially individuals with the most severe disabilities, and to improve the effectiveness of services authorized under the Rehabilitation Act of 1973, as amended (Rehabilitation Act). Rehabilitation Research and Training Centers (RRTCs) The purpose of the

RRTCs, which are funded through the Disability and Rehabilitation Research Projects and Centers Program, is to achieve the goals of, and improve the effectiveness of, services authorized under the Rehabilitation Act through well-designed research, training, technical assistance, and dissemination activities in important topical areas as specified by NIDRR. These activities are designed to benefit rehabilitation service providers, individuals with disabilities, family members, policymakers, and other research stakeholders. Additional information on the RRTC program can be found at:

<http://www2.ed.gov/programs/rrtc/index.html>.

Catalog of Federal Domestic Assistance (CFDA)

Numbers: 84.133B-6 and 84.133B-7. Note: This

notice invites applications for two separate

competitions. For funding and other key information

for each of the two competitions, see the chart in the

Award Information section of this notice.

Applications for grants under the RRTC competitions

(CFDA Numbers 84.133B-6 and 84.133B-7) must be

submitted electronically using the Governmentwide

Grants.gov Apply site at www.Grants.gov. Through

this site, you will be able to download a copy of the

application package, complete it offline, and then

upload and submit your application. You may not

email an electronic copy of a grant application to us.

You may access the electronic grant application for

the RRTC competitions (CFDA Numbers 84.133B-6

and 84.133B-7) at www.Grants.gov. You must search

for the downloadable application packages for these

competitions by the CFDA number. Do not include

the CFDA number's alpha suffix in your search (e.g.,

search for 84.133, not 84.133B).

PAR-14-283

High Throughput Screening (HTS) to Discover Chemical Probes (R21)

Department of Health and Human Services

National Institutes of Health

Closing Date for Applications: Sep 7, 2017

Archive Date: Oct 8, 2017

Estimated Total Program Funding: \$200,000

Eligible Applicants: State governments
Private institutions of higher education
Native American tribal governments (Federally recognized)
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
Special district governments
For profit organizations other than small businesses
Public housing authorities/Indian housing authorities
Public and State controlled institutions of higher education
Native American tribal organizations (other than Federally recognized tribal governments)
Independent school districts
City or township governments
Others (see text field entitled "Additional Information on Eligibility" for clarification)
County governments
Small businesses

Additional Information on Eligibility: Other Eligible Applicants include the following:
Alaska Native and Native Hawaiian Serving Institutions; Asian American Native American Pacific Islander Serving Institutions (AANAPISISs); Eligible Agencies of the Federal Government; Faith-based or Community-based Organizations; Hispanic-serving Institutions; Historically Black Colleges and Universities (HBCUs); Indian/Native American Tribal Governments (Other than Federally Recognized); Non-domestic (non-U.S.) Entities (Foreign Organizations); Regional Organizations; Tribally Controlled Colleges and Universities (TCCUs) ; U.S. Territory or Possession; Non-domestic (non-U.S.) Entities (Foreign

Institutions) are eligible to apply. Non-domestic (non-U.S.) components of U.S. Organizations are eligible to apply. Foreign components, as defined in the NIH Grants Policy Statement, are allowed.

Agency Name:

National Institutes of Health

Description:

This Funding Opportunity Announcement (FOA) encourages investigators to form collaborations with an established academic, nonprofit, or commercial high throughput screening (HTS) facility that has the requisite expertise and experience to implement HTS-ready assays for the discovery and development of small molecule chemical probes. Through this FOA, NIH wishes to stimulate research in 1) discovery and development of novel, small molecules for their potential use in studying disease treatments relevant to the missions of the participating NIH Institutes, and 2) discovery and/or validation of novel, biological targets that will inform studies of disease mechanisms. Emphasis will be placed on projects that provide new insight into important disease targets and processes.

**NINDS CREATE Bio Discovery Track: Optimization in Preparation for
Development of Biotechnology Products and Biologics (U01)**

Department of Health and Human Services

National Institutes of Health

Closing Date for Applications: May 7, 2017

Eligible Applicants: Public and State controlled institutions of higher education
Public housing authorities/Indian housing authorities
For profit organizations other than small businesses
Special district governments
Native American tribal governments (Federally recognized)
Native American tribal organizations (other than Federally recognized tribal governments)
Independent school districts
City or township governments
County governments
Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
Others (see text field entitled "Additional Information on Eligibility" for clarification)
Small businesses
Private institutions of higher education
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
State governments

Additional Information on Eligibility: Other Eligible Applicants include the following:
Alaska Native and Native Hawaiian Serving Institutions; Asian American Native American Pacific Islander Serving Institutions (AANAPISISs); Eligible Agencies of the Federal Government; Faith-based or Community-based Organizations; Hispanic-serving Institutions; Historically Black Colleges and Universities (HBCUs); Indian/Native American Tribal Governments (Other than Federally Recognized); Non-domestic (non-U.S.) Entities (Foreign Organizations); Regional Organizations; Tribally Controlled Colleges and Universities (TCCUs) ; U.S. Territory or Possession; Non-domestic (non-U.S.) Entities (Foreign Institutions) are eligible to apply. Non-domestic (non-U.S.) components of U.S. Organizations are eligible to

apply. Foreign components, as defined in the NIH Grants Policy Statement, are allowed.

Agency Name:

National Institutes of Health

Description:

This Funding Opportunity Announcement (FOA) is dedicated to the discovery of therapeutic Biotechnology Products and Biologics (e.g., peptides, proteins, oligonucleotides, gene therapies, and cell therapies) for disorders that fall under the NINDS mission. It supports the optimization of therapeutic lead(s) showing convincing proof-of-concept. At the end of the funding period, projects that successfully advance through support from this program will have identified a optimized candidate, which has sufficient bioactivity, stability, manufacturability, bioavailability, in vivo efficacy and/or target engagement, and other favorable properties that are consistent with the desired clinical application, and will be ready for entry into the CREATE Bio Development track for further development to enable filing for an Investigational New Drug (IND).

PAR-14-288

**NINDS CREATE Bio Development Track: Preclinical and Early-phase Clinical
Development for Biotechnology Products and Biologics (UH2/UH3)**

Department of Health and Human Services

National Institutes of Health

Closing Date for Applications: May 7, 2017

Eligible Applicants: State governments
Public housing authorities/Indian housing authorities
Private institutions of higher education
Others (see text field entitled "Additional Information on Eligibility" for clarification)
City or township governments
Small businesses
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Special district governments
Public and State controlled institutions of higher education
Native American tribal organizations (other than Federally recognized tribal governments)
Native American tribal governments (Federally recognized)
Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
Independent school districts
For profit organizations other than small businesses
County governments

Additional Information on Eligibility: Other Eligible Applicants include the following:
Alaska Native and Native Hawaiian Serving Institutions; Asian American Native American Pacific Islander Serving Institutions (AANAPISISs); Eligible Agencies of the Federal Government; Faith-based or Community-based Organizations; Hispanic-serving Institutions; Historically Black Colleges and Universities (HBCUs); Indian/Native American Tribal Governments (Other than Federally Recognized); Non-domestic (non-U.S.) Entities (Foreign Organizations); Regional Organizations; Tribally Controlled Colleges and Universities (TCCUs) ; U.S. Territory or Possession; Non-domestic (non-U.S.) Entities (Foreign Institutions) are eligible to apply. Non-domestic (non-U.S.) components of U.S. Organizations are eligible to

apply. Foreign components, as defined in the NIH Grants Policy Statement, are allowed.

Agency Name:

National Institutes of Health

Description:

This Funding Opportunity Announcement (FOA) is dedicated to the development of therapeutic Biotechnology Products and Biologics (e.g., peptides, proteins, oligonucleotides, gene therapies, and cell therapies) for disorders that fall under the NINDS mission. An identified candidate, which has sufficient bioactivity, stability, manufacturability, bioavailability, in vivo efficacy and/or target engagement, and other favorable properties that are consistent with the desired clinical application, is required for entry to the CREATE Bio Development Track. The FOA supports Investigational New Drug (IND)-enabling studies for the candidate and early-phase clinical trials. At the end of the funding period, a successful project should have an IND application submitted to the U.S. Food and Drug Administration (FDA), at a minimum. The program supports early-phase clinical trials, although these are not required.

Immunobiology of Xenotransplantation (U01)

Department of Health and Human Services

National Institutes of Health

Closing Date for Applications: Nov 20, 2014

Archive Date: Dec 21, 2014

Estimated Total Program Funding: \$2,500,000

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)
Independent school districts
Public housing authorities/Indian housing authorities
Native American tribal governments (Federally recognized)
Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
Private institutions of higher education
For profit organizations other than small businesses
Public and State controlled institutions of higher education
Native American tribal organizations (other than Federally recognized tribal governments)
State governments
County governments
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
City or township governments
Special district governments
Small businesses

Additional Information on Eligibility: Other Eligible Applicants include the following:
Alaska Native and Native Hawaiian Serving Institutions; Asian American Native American Pacific Islander Serving Institutions (AANAPISISs); Eligible Agencies of the Federal Government; Faith-based or Community-based Organizations; Hispanic-serving Institutions; Historically Black Colleges and Universities (HBCUs); Indian/Native American Tribal Governments (Other than Federally Recognized); Non-domestic (non-U.S.) Entities (Foreign Organizations); Regional Organizations; Tribally Controlled Colleges and Universities (TCCUs) ; U.S. Territory or Possession; Non-domestic (non-U.S.) Entities (Foreign

Institutions) are not eligible to apply. Non-domestic (non-U.S.) components of U.S. Organizations are not eligible to apply. Foreign components, as defined in the NIH Grants Policy Statement, are allowed.

Agency Name:

National Institutes of Health

Description:

This Funding Opportunity Announcement solicits applications to participate in the Immunobiology of Xenotransplantation Cooperative Research Program (IXCRP) for the development of preclinical porcine to nonhuman primate (NHP) models of islet, kidney, heart, lung, or liver xenotransplantation. The goals of this program are to: (1) delineate the cellular and molecular mechanisms of xenograft rejection and the induction of tolerance; (2) develop effective strategies to improve xenograft survival; and (3) characterize the physiological compatibility/limitations of xenografts. The long-term goal of this program is to develop novel and effective strategies for application of xenotransplantation in the clinic.
