SUBJ: Internal Audit Report – Construction and Other Contracts Requiring Board of Regents Approval

I have attached for your review the final draft of the above referenced internal audit report. This report has been distributed to/discussed with key personnel of the University of Houston System. This report is summarized as follows:

Executive Summary:

The internal audit review of procurement of construction and other contracts requiring Board of Regents approval covers the time period from July 1, 2018, to September 30, 2018. For each project, we review the following: 1. the solicitation documents posted on the State Comptroller's Electronic State Business Daily, the solicitation requirements checklist, subcontracting probability form, and the HUB subcontracting compliance form to determine whether the appropriate evaluation criteria was used by the Purchasing Department/selection team evaluation members; 2. the Purchasing Department's compilation of the selection team members' rankings of RFQ / RFP for clerical accuracy and agreement of evaluation criteria to RFQ / RFP and evaluation criteria provided to selected firms in instances where RFP's were not applicable; 3. the Purchasing Department's recommendation of RFQ / RFP evaluations to the VC/VP for reasonableness; 4. the VC/VP evaluation of the Purchasing Department's recommendation of RFQ / RFP for reasonableness; 5. the invitation to bid or sole source justification form, if applicable, for reasonableness/completion. We noted no unusual items or other matters that we considered non-compliant with university policies and procedures or state statutes.

This audit report is scheduled to be included in the agenda materials for the November 15, 2018, meeting of the Audit and Compliance Committee of the Board of Regents. Please let me know if you have any questions.

Construction and Other Contracts Requiring Board of Regents Approval
July 1, 2018 through September 30, 2018

Background: UHS procures construction services under the provisions of the Texas Education Code, Sections 51.778 – 51.785. These statutes address the following construction contract methods: Design-Build, Construction Manager-Agent, Construction Manager-At-Risk, Construction Services through Competitive Sealed Proposals and Job Order Contracts. The UHS Facilities, Planning and Construction Department and the Purchasing Department have developed policies and procedures to help ensure compliance with these statutes. For major construction projects, UHS primarily uses the Design-Build and Construction Manager-At-Risk contract methods. The Internal Auditing Department reviews the construction RFQ / RFP evaluation process on an ongoing basis. The Internal Audit Department also reviews the procurement process for other contracts requiring Board of Regents approval (RFQ/RFP, Invitation to Bid, and Sole Source).

Objective: The objectives of this review are to determine whether UHS is complying with its policies and procedures and the Texas Education Code in selecting its contractors for its major construction projects and other contracts requiring Board of Regents approval.

Scope of Work: The internal audit review of procurement of construction and other contracts requiring Board of Regents approval covers the time period from July 1, 2018, through September 30, 2018.

Audit Procedures: For each solicitation we review the following:

1. The solicitation documents posted on the State Comptroller's Electronic State Business Daily and the solicitation requirements checklist and subcontracting probability form and HUB subcontracting compliance form to determine whether the appropriate evaluation criteria was used by the Purchasing Department/selection team evaluation members.
2. The Purchasing Department's compilation of the selection team members' rankings of RFQ / RFP for clerical accuracy and agreement of evaluation criteria to RFQ / RFP and evaluation criteria provided to selected firms in instances where RFP's were not applicable.
3. The Purchasing Department's recommendation of RFQ / RFP evaluations to the VC/VP for reasonableness.
4. The VC/VP evaluation of the Purchasing Department's recommendation of RFQ / RFP for reasonableness.
5. The invitation to bid or sole source justification form, if applicable, for reasonableness/completion.

Appendices: Attached is an analysis of internal audit activity related to the construction projects and other contracts requiring Board of Regents approval award evaluations (Appendix 1), the Purchasing Department Flowchart for major construction projects (Appendix 2), the Purchasing Department Flowchart for other contracts requiring board approval (Appendix 3).

Conclusion: We noted no unusual items or other matters that we considered non-compliant with university policies and procedures or state statutes.
