ATHLETICS
FOOTBALL ATTENDANCE - 2018 SEASON

BACKGROUND:

NCAA Bylaw 20.9.9.3 Football–Attendance Requirements [FBS], states that "once every two years on a rolling basis, the institution shall average at least 15,000 in actual or paid attendance for all home football games."

NCAA Bylaw 20.9.9.3.1.2 Paid Attendance [FBS], states that "for purposes of computing paid attendance figures, tickets must be sold for at least one-third of the highest regular established ticket price as established prior to the season, regardless of whether they are used for admission. Tickets sold at less than one-third of the highest regular established price may be counted as paid attendance only if they are used for admission." The NCAA interpretations of this Bylaw allow students who pay athletic fees to be included in the paid attendance counts if they attend the event.

NCAA Bylaw 20.9.9.3.1.2.1 Student Attendance [FBS], states that "student attendance must be verified through one of the following methods:

(a) Such students are issued tickets that are collected on admission to the game and retained;
(b) Such students enter through and are counted by a turnstile (which is not used by others in attendance) that is monitored by a representative of the department of athletics who verifies in writing the accuracy of the count on a per-game basis; or
(c) Such students enter through a gate (that is not used by others in attendance) at which a representative of the department of athletics counts them individually with a manual counter, and the representative provides a written statement verifying the accuracy of the count on a per-game basis."

NCAA Bylaw 20.9.9.3.1.2.1.1 Noncounted Students [FBS], states that "student-athletes and cheerleaders scheduled by the institution to be at the game and students performing services at the stadium (e.g., concessionaries, ticket takers, parking-lot attendants, ushers, groundskeepers) shall not be counted toward meeting the attendance requirements."

NCAA Bylaw 20.9.9.3.2 Certified Audit [FBS], states that "in meeting the football-attendance requirements of the Football Bowl Subdivision, an institution must undertake an annual certified audit verifying its football attendance."

OBJECTIVE:

The objective of our review was to certify attendance for each home football game as required by NCAA Bylaws.

SCOPE OF WORK:

We reviewed the 2018-2019 NCAA Bylaw 20.9.9.3 Football–Attendance Requirements [FBS], and interviewed management personnel of the Department of Athletics. We also performed other audit procedures as necessary.
